

# AWARENESS OF LEAD IN DRINKING WATER

**NO LEAD**

**Supply**

Our pristine source, Floods Pond, contains no lead.

**NO LEAD**

**Treatment**

Water is treated to minimize the potential release of lead from household plumbing.

**NO LEAD**

**Distribution System**

Our 200 miles of pipe deliver lead-free water to customers' homes and businesses.

**POSSIBLE LEAD**

**Internal Plumbing**

Lead can enter your water if you have household plumbing containing lead and the water is unused for several hours.
